Hotel Lady Lusya

DATA SHEET

Lady Lusya is a charme Hotel in a historic villa (dating back to the XV e il XVIII century). Its location is convenient for visiting all areas of Eastern Sicily (from Mount Etna and Taormina to the extreme CapoPassero tip).

We are close to beautiful sandy beaches, though we are set in a wonderful countryside, where peace and quiet are guaranteed also during the top high season.

Hotel Lady Lusya is open all year and offers to its guests the unique experience of going through a rural home of the Bourbon's Age recalling the same fragrances and tastes of the XVIII century Sicily. Our chef will delight you with local specialties and he is also ready to host you in his kingdom and reveal some of his secrets

Where we are

Hotel Lady Lusya lies in the heart of the Spinagallo Fief, 10 km south of Syracuse, in a high touristic value area set in the midst of lemon groves, 7 km away from the seaside resorts of Fontane Bianche
